Week 7 Term 2

Kia ora, Kia orana, Malo lelei, Talofa lava, Namaste, Fakalofa lahi atu, Bula vinaka, Ni hao, greetings to all whanau and friends of Flat Bush School,

As we end Week 8 we do so with a beautiful clear morning, cold but with the sun shining. There are two more weeks until the end of term and still many things taking place in our school.

In the last week of term we will be holding our Parent Conferences in which teachers will be providing all whānau with achievement progress updates. Our Conferences take place on the Wednesday and Thursday of Week 10. Thank you to everyone who has returned their booking time to the school office. We will be sending out confirmed times closer to the conferences.

A reminder that school starts at 8.55am everyday, it is so important for our students to start the day together. Arriving to school late, often means that our students have missed out on important notices and messages. Thanks to all whānau who already have their children at school by the 8.55am bell. Best wishes to all FBS students competing in sports this weekend.

Kia manuia,
Mr Avatea
Proud to be your Principal

On Wednesday night, Room 20 went to the culinary school at the MIT campus. Eight people went to go and perform kapa haka. When we performed kapa haka, we were nervous about doing our songs. We were invited by the Rotary Club of Highbrook. When we finished two nice ladies gave us a prize which were a pair of socks, glue, pens and a pencil case. Kalani popped the glitter glue then it went everywhere. It was funny because I was going to my house.

On a Wednesday evening eight of the Room 20 children were invited to the culinary school at the MIT campus. When we were welcomed in we were sort of nervous because we had to perform in front of a huge crowd. While we were singing most of the people were cheering for us in an exciting way. When it came to the end of our kapa haka performance we were so happy because we were given a gift.

It was a spectacular night for all eight of us.

On a Wednesday evening, eight of the kids from Nga-Manakitanga performed at the culinary school at the MIT campus. We were invited. The other seven kids were TC. I wasn't that nervous because I have seen some of those people before. They are part of this community. They donate and fundraise for money. To do some projects at Flat Bush school. It was an experience for us to meet new people. We showed gratitude. It was an amazing, incredible, fantastic, awesome, excellent, spectacular, brilliant, magical and exciting day for us. When we started the first few songs, Elly-Mei started them. Then we moved into the haka. We done te ka tonu and tau katua. After that we done Inga Mokai and I te po. When we were going these two lovely ladies gave us a gift. It was a pencil case and some socks. In the pencil case there was glitter glue and pens. Then we went home.

On Wednesday evening 8 students from Nga Manaakitanga had a fantastic experience at the M.I.T campus.

We went to perform our kapa haka, I was so nervous, they invited us to perform before the Rotary Club had their dinner. It was freezing cold after we finished, but lucky we had the Flat Bush jackets on, they were warm and cosy. It was a spectacular night.

When we finished two kind ladies gave us a bag of socks, a pencil case and pens. It was funny when we dropped off Elly-Mei because she kept on coming out in the cold, freezing night, she almost tripped herself a lot of times. Rotary Highbrook have money to help our school decorate our library so we have more space for teachers to help their students read.

On Wednesday night eight kids from Nga Manaakitanga went to the culinary school

at the MIT campus. We went to perform Kapa Haka, eight of the kids were invited to the Rotary club to represent our school.

.We were nervous to perform Kapa Haka, it was incredible! and brilliant! The Rotary Club people donate money in our community and they helped our school to fundraise for our school library. When we finished performing Kapa Haka we got some prizes. In the prizes there was a pair of socks, a pencil case and some pens and there was was a sparkly glue. It was so funny when we dropped Elly-Mei off because she kept tripping over lot of times. Our teacher dropped all of the girls, and Mr Avatea dropped off two boys and Moiho dropped the rest of the boys off.
