

Friday 22 February 2019

**Kia ora, Kia orana, Malo lelei, Talofa lava, Namaste, Fakalofa lahi atu, Bula vinaka, Ni hao, greetings to all whanau and friends of Flat Bush School.**

Thank you Ms Browne and her Hairy Scary Bears, also known as Room 13 for sharing their writing with us all this week.

**Otara Fruit Fly Update**

This week on the Television news there has been a lot of coverage about a Fruit Fly being found in Otara. In response to this our local Member of Parliament Hon Jenny Salesa invites representatives from Otara churches and community groups along with interested local people to a short catch-up about the fruit fly discovery around Fisher Crescent. You will be updated on what's being done to deal with the emergency and the meeting will discuss ways you can continue to help.

If you have specific questions in the meantime, please call **0800 80 99 66**.

- **WHEN:** Friday 22 February, 6.30pm
- **WHERE:** MIT Pasifika Community Centre 53 Otara Rd, Otara

For us at school this situation means that we cannot send any of our class fruit home with our students. We receive fruit for our students every day and I can assure that this has not been affected at all. It just means if we have left over fruit it will be used as part of our school composting bins.

Otherwise it is business as usual here at our awesome school, this week we enrolled our 59th arrival for the term. It is lovely meeting new students turning five and new whānau who have made the choice to bring their students to Flat Bush. Have a great weekend FBS whānau, cross your fingers and maybe, just maybe the Blues will have their first win of the year.
