Week 7 Term 4

Kia orana, Kia ora, Malo lelei, Talofa lava, Namaste, Fakalofa lahi atu, Bula vinaka, Ni hao, greetings to all whānau and friends of Flat Bush School,

Another busy week here at school is coming to an end, today our Athletics team have been competing in the Ōtara Interzone field day at Massey Park in Papakura. This is the final sports event for 2019 and we can feel very proud of what we have achieved this year, we have competed in a range of sports and attained some great results. One of the most pleasing aspects has been seeing the determination from our learners to never, ever give up.

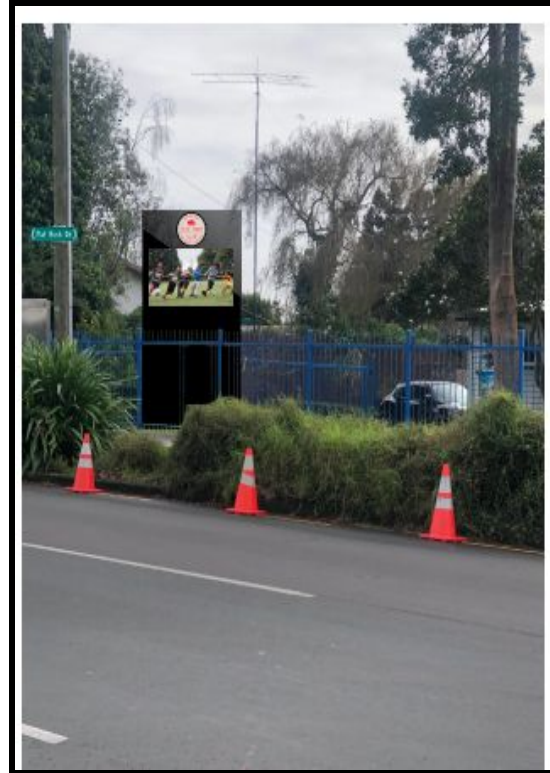

As the term is nearing an end we can look forward to several property projects getting started across our school.

After school closes we have a building team coming into school to convert our old Dental Clinic into a classroom learning space.

This will be the classroom where Mrs Mafileo-Henderson and her learners will be located in 2020. It is currently our Working Together space, in 2020 we will not be continuing with this programme.

We would like to acknowledge and thank Ms Heather for all of the work she has done in Working Together in 2019.

We are on track to install a new Digital Sign before the start of Term 1, 2020. You can see with this photo the location and look of this sign, it will be a very useful way for us to communicate with all of our FBS whānau. Lots of exciting things happening across our school and we are all looking forward to Friday's Sharing Learning and Lunch Day. All FBS whānau are warmly invited to join us for our big day, our learners are proudly looking to share their Inquiry into Technology with their whānau and all visitors. Have a great weekend, it is nice to be outside enjoying the beautiful weather.

Mr Avatea
 Proud to be your Principal

STUDENT INQUIRY SHARING DAY

For our Student Inquiry this term, our Theme is "MŌHIOTANGA (Knowledge)" we have been seeking knowledge asking ourselves: "What is it to seek knowledge?" With a focus on Technology, we are developing our understanding of technological practice - the process of developing a technical outcome. We are getting pretty good at knowing technological practice and so we would love to share our learning with you!

Followed by our sharing of learning, we would absolutely love to share lunch with you as a community.

When: Friday 6th December

Where:

- o Middle Classes - 11.00am - 11:30am
- o Junior Classes - 11:30am - 12:00pm (note the change of time)
- o Senior Classes - 12:00pm - 12:30pm

Shared Lunch: 12:30 - 1:30pm.

Please bring a dish or food of your choice to share with our community!

We'll be setting up long tables in front of Rooms 11 - 15 for the whole school. Food can be brought to school with your child, or you can drop it off at our Library, where there will be someone there to receive you. Please, no juices or fizzy drink. Bottled water will be provided.

Successful Savage Learners Narrative Writing

Boom!!! Lightning blasted over the sky as Dr. Spider-Rich the genius created mysterious creatures. These creatures were Ogres. They were all made different sizes, and all worshiped Moto-Raph. This hideous creature was a very powerful king. Dr. Spider-Rich lived around Oklahoma City, but had a secret base where he created all his creations. He casted a spell on a magic book which kept all his creatures inside.

Dr. Spider-Riches creation was very powerful. He himself even thought it can take over the world if they take the book. These things are called the Penies. They had acid breathe and their bodies were gross. They were nerve-racking and rotten.

On an adventure, Dr. Spider-Rich decided he wanted to make good penies after nearly dying while fighting a bad one. One wasn't as smelly as the other ones. The first one he created was his assistant. He was always pleasant but sometimes angry, frightening but never harmful. His name was Hairless.

Honey was the only thing to calm himself down. "Gulp Gulp Gulp Gulp that was delicious" is what he always says. The second one was Dathan. He was hideous but he was like an agent for Dr. Spider-Rich. He got locked up in Moto-Raphs cage while trying to get revenge on him for killing his whole family. But Moto-Raph was too strong and ill favoured. He took one look at Dathans family's face and they died.

About a year later Dr. Spider-Rich casted a spell barrier around the house to protect the book which was in the house from the Penies. On that exact day Dr. Spider-Richie's daughter wanted to read books but she opened Dr. Spider-Riches magic book. All the Penies started to surround the barrier. They thought they could get through but the barrier was invisible. Zoom! Dr. Spider-Riches pet grabbed them both as fast as spectrum. Than dropped Dr. Spider-Riches daughter while flying up. NOOOOOOOO!!! Dr. Spider-Rich said. OFFF!!!!!!
